Mr. Brandon Hurley
Texas Low-Level Radioactive Waste Disposal Commission
919 Congress Avenue, Suite 830
Austin, Texas 7801

RE: **Framatome, Inc.** TLLRWDC #2-0448-00

Dear Mr. Hurley,

Framatome Inc. would like to amend section J of the TLLRWDC Import Agreement 2-0448-00 to include Class B waste and increase the activity from 10 curies to 25 Curies. This change is necessary to support our upcoming waste shipment that is class B and will exceed our current Curie limits. We appreciate your consideration in this matter.

Please feel free to let me know of any questions or if further information is needed.

Sincerely,

A handwritten signature in black ink that reads "Tim W. Osborne".

Tim W. Osborne
